Custom made

I handknit custom made Icelandic sweaters and other wool products on order, including socks, hats and mittens. I can create a pattern from your wishes or ideas, and custom make to your size and requests. I ship abroad. To order, e-mail me your suggestions or a request at info@linneaornstein.se!

The material

The Icelandic wool yarn, lopi, is known as a light, water-repellant and breathable material. It has unusually long fibres, which makes it very strong even when it's thin. The yarn can be used both unspun, which makes it extra soft, and spun in different qualities. I mainly knit with double-threaded unspun yarn, which makes soft and light clothes.

Prices

Sweater adult, from 1500 SEK
Sweater child, from 1000 SEK
Buttons / zipper / hood, +300 SEK
Mittens, hat, socks, from 300 SEK
Other, by request
